

ELITE TS007 High Security 3* Cylinder

High specification door cylinder offering resistance to snapping, drilling, picking, bumping, twisting, chisel and screwdriver attacks.

Features:

1. Bio keys have been tested to ISO 22196:2011 and shown to reduce Staphylococcus aureus and Escherichia coli and to ISO 21702:2019 and shown to reduce SARS-CoV-2.
2. All cylinders have bio keys which have antibacterial and antiviral properties.
3. Over 200,000+ different key combinations!
4. Unrestricted keyway — easier for customers to get keys cut.
5. Easy fit and a smooth key operation.
6. Thumbturn and key-alike options available.
7. Complicit with the requirement of BSEN1303-2005.
8. Secure by design and sold secure accredited.
