

Exclusively from DGS,  
New Elite Letterplate

## The Premium DGS Elite Letterplate

Combines eye catching aesthetics with sturdy construction and a long service life. Designed to complement the Elite range of suited door furniture it will suit UPVC, timber and composite doors in a wide range of thicknesses.

### Features:

1. Austenitic 304 Grade stainless-steel.
2. One piece stainless-steel letter plate flap.
3. 12-inch/300mm wide letterplate has a 10-inch (254mm) aperture to meet standard BS EN13724.
4. Telescopic letterplate sleeve able to suit doors from 20-80mm thick.
5. 180 Degree flap opening with robust zinc pivot points.
6. Twin nylon brush seals for improved draft exclusion.
7. Twin stainless steel torsion springs.
8. Detachable screw post allowing for a direct face-fit option.
9. Internal screw through fixing complete with 2 x M5 Steel Fixings.

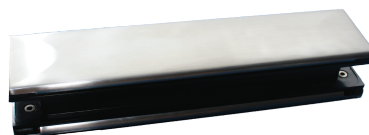

For more information please visit the DGS website:

## Innovative Design

The Elite Letterplate has letter flap tensioning adjustments with full thermal acoustic barrier and exceptional weather seal.
